

## Original Equipment

**International Truck and Engine**, the principal operating company of Navistar International Corp., has approved & are fitting **Double Coin** Radial Truck Tyres as **Original Equipment (OE)** on selected trucks & IC Corp. school buses in USA.

**Double Coin** truck & bus tyres meet International's strict quality standards at an affordable cost, backed by warranty coverage & guaranteed retreadability.

International is using **Double Coin** tyres on several Class 4-8 truck platforms.

**Double Coin** Radial Truck Tyres approved for **OE** on **International Trucks** are:  
Drive : RLB1, RLB400 & RLB900; plus Trailer : RR150, RR300, RR400 & RT500.

**International Truck** is the U.S. market leader in Class 6 & 7 trucks, while IC Corp. is the school bus market leader in North America with a more than 60 % share.

**Double Coin** Radial Earthmover (REM) tyres have been selected for **OE** fitment on OTR (Off The Road) vehicles from **John Deere, Caterpillar and Grove Crane**.
